Flowers & their visitors

Get the facts

Over 200 flowering plants are at risk of extinction in Canada.

Flowers grow in all shapes and sizes, ranging from the size of a grain of rice to over three metres tall.

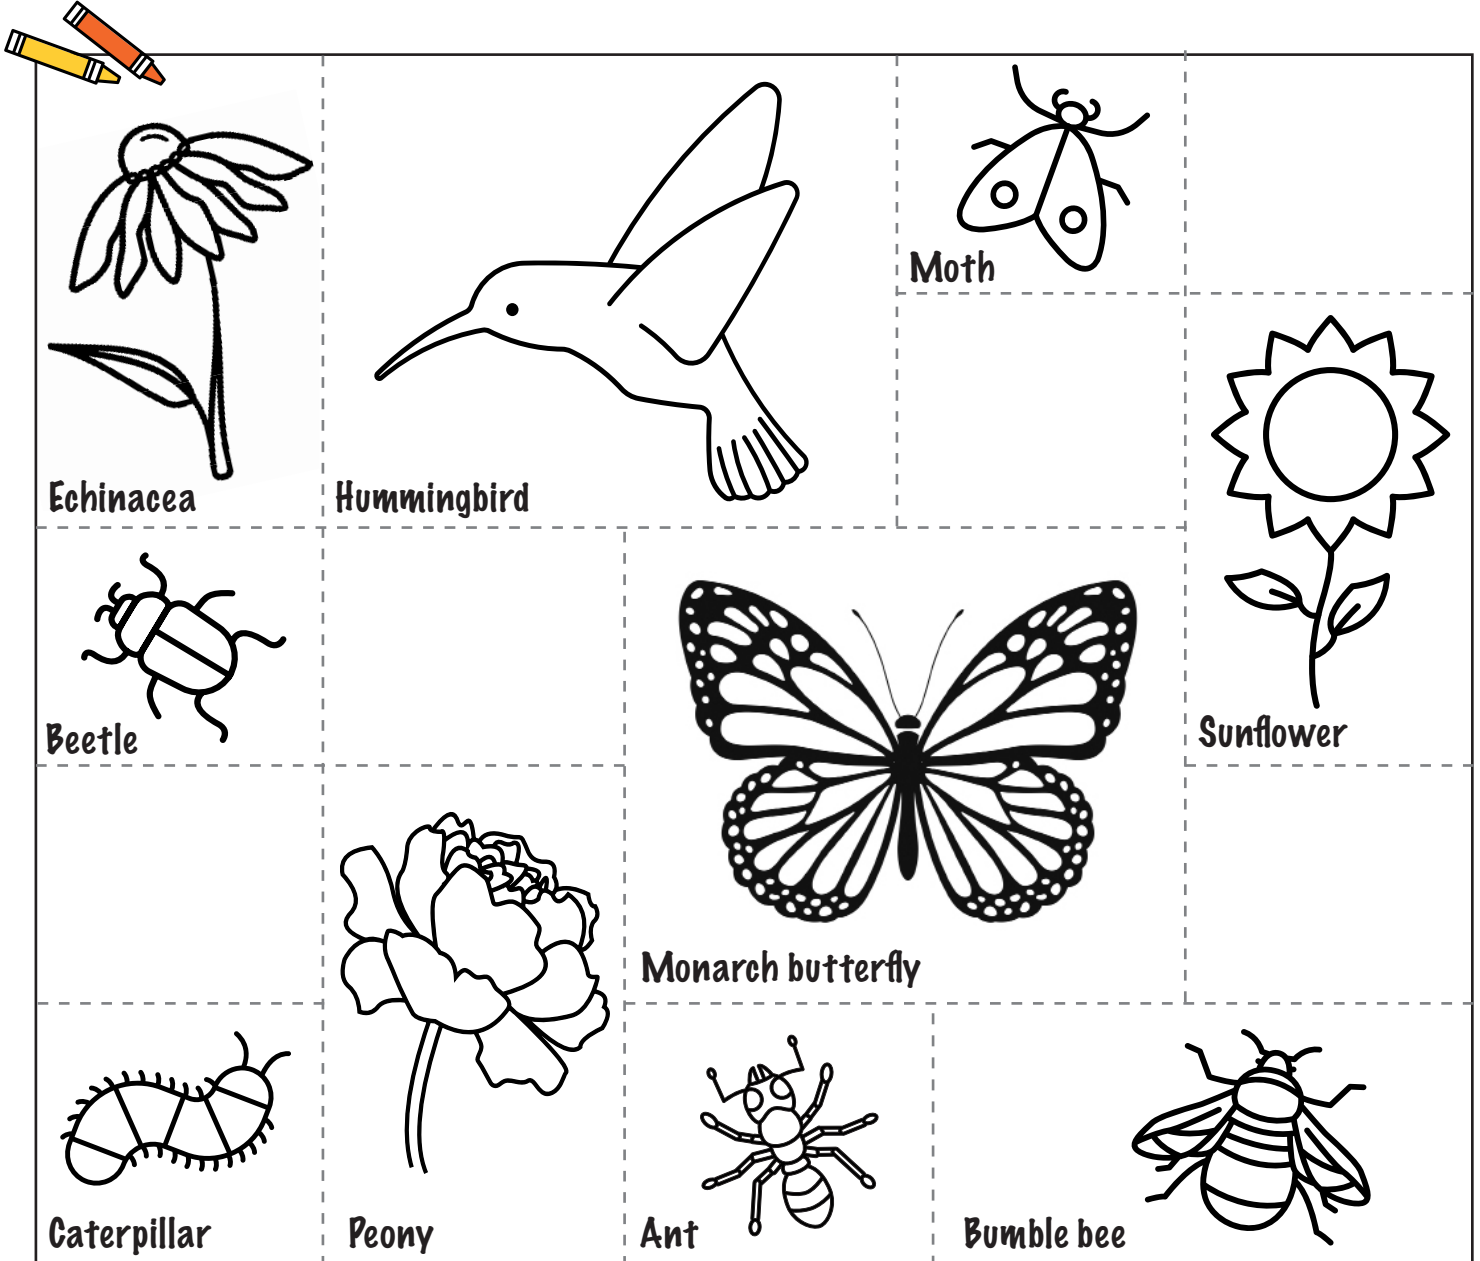

Pitcherplants are one of just a few carnivorous plants in Canada. They trap and digest insects.

Scavenger Hunt Bingo

Go for a family walk and see how many flowers & their visitors you can find.
Colour them in as you spot them and add a few of your own that you find.

Post a pic of your activity sheet completed for a chance to win a Visa gift card!
